Overview interest settlements due to negative euribor						
Date	Note class A - start balance	Senior Interest part current Quart. Calc. Period	Total receivable	Settled through set off (with subordinated interest)	Settled through delayed payment	Current balance
25-Jan-21	-	-	4,583.95	-	-	(4,583.95)

The negative euribor is resulting in a negative amount of interest on the A-note. As the transaction documentation is not explicitly stating anything related to this situation, it is currently decided to floor this interest part at zero and to present this in the distribution report. Until final assessment is done on how to process negative interest amounts a ledger will be maintained.
