* Reference is made to the notice dated 24 May 2019:
 No Extension Margins have been determined to date. The Issuer and the Security Trustee are considering the way forward.
 Pending such determination and until further notice, no distributions will be made through the Interest Priority of Payments prior to the notification of pledge, below item a, being the item directly above the item relating to the Subordinated Extension Interest Part relating to the Senior Class A Notes, and amounts then remaining will be provisionally retained by the Issuer. The current floating coupon includes the original margins as they were applicable before the first put date.

Target amortisation events	
On the target amortization date and any quarterly payment day thereafter the notes will redeem in a different way (using the notes redemption available amount) unless any target amortization event has occurred and is not cured.	
1) Reserve account level: The balance on the reserve account may not be less than the reserve account target level	
2) The delinquent quotient (the sum of the principle amount outstanding of the mortgage receivables that are more than 60 days in arrear divided by the aggregate principle amount outstanding of the mortgage receivables) may not be above 1.5%	
3) Any drawing under the liquidity facility is not repaid, or a drawing is made on the quarterly payment date	
4) There may not be any balance on the principle deficiency ledger

The negative euribor is resulting in a negative amount of interest on the A-note. As the transaction documentation is not explicitly stating anything related to this situation, it is currently decided to floor this interest part at zero and to present this in the distribution report.
 Until final assessment is done on how to process negative interest amounts a ledger will be maintained.
